OMDB Search – Angular App Installation

Requirements

You need node.js, npm & angular CLI installed on your machine

- node.js version $\geq 10.19.0$
- npm version $\geq 6.14.4$
- Angular CLI = 9.1.15

Installation

Extract the provided zip file and go to the folder ``omdb-search``

```
cd omdb-search
```

Run below command to install the npm packages.

```
npm install
```

Run the App

run below command to run the app on a dev server. It will navigate to ``http://localhost:4200/``.

```
ng serve --open
```

The app will automatically reload if you change any of the source files.
